WORK EXPERIENCE

Tragic Media Contract Product Designer
San Diego, CA

Dec. 2020 – Jan. 2021

I joined a team of contracted designers to create a new web application that connects users to charities across the country. Designed user flows and high fidelity mockups for two types of end users.

BVA UX/UI Designer
San Diego, CA

Apr. 2018 – Sep. 2020

- I helped over 12 new and existing brands with content strategy, visual design, and user research within the Shopify eCommerce space.
- Increased a makeup and skincare brand's eCommerce conversion rate by +44% for their "Value Sets" by redesigning and testing a new mobile purchasing flow.
- Increased a jewelry brand's average order value by +13% within the first month of launch by designing a new "Build Your Stack" feature from end-to-end.
- Led multiple content strategies and design presentations to key stakeholders, while validating my designs through user testing, Google Analytics, and insights from client's customer support teams.
- Designed information architectures, flow diagrams, wireframes, and high fidelity UI mockups for a variety of landing pages and custom features.

Hologic Systems Engineer
San Diego, CA

Aug. 2015 – Sep. 2017

Developed and optimized medical devices by validating and verifying instrumental design changes. Contributed to the development of the Panther Fusion® System which received FDA approval for COVID-19 testing.

Genentech Bioprocess Associate
Oceanside, CA

Jun. 2013 – Jul. 2015

Operated and assisted downstream production of multiple pharmaceuticals within a team environment.
