WORK EXPERIENCE

Filter Digital @ Nike Digital Designer III

Apr. 2021 - Present

Beaverton, OR (Remote)

- Brand designer focusing on Nike.com and Nike App digital executions for global campaigns: Drake's NOCTA brand, Jacquemus, Tokyo Olympics, Matthew M.
 Williams, ESC, ISPA and Nike Kids.
- Work with Senior Art Directors to create branding guidelines for our creative partners, which includes brand storytelling, digital mockups, crop guidelines, and logo lockups.
- Collaborate with Nike Brand Management, Consumer Digital Marketing, and Marketing Science to build different customer journeys for multiple marketing segments.
- Concept and design a new nikelab.com web experience for both Nike Design Exploration and Catalyst brands.

BVA UX/UI Designer

Apr. 2018 - Sep. 2020

San Diego, CA

- Led over 12 new and existing brands with content strategy, visual design, and user research within the Shopify eCommerce space.
- Increased a makeup and skincare brand's eCommerce conversion rate by +44% for their "Value Sets" by redesigning and testing a new mobile purchasing flow.
- Increased a jewelry brand's average order value by +13% within the first month of launch by designing a new "Build Your Stack" feature from end-to-end.
- Led multiple content strategies and design presentations to key stakeholders, while validating my designs through user testing, Google Analytics, and insights from client's customer support teams.
- Designed information architectures, flow diagrams, wireframes, and high fidelity UI mockups for a variety of landing pages and custom features.

Hologic Systems Engineer

Aug. 2015 - Sep. 2017

San Diego, CA

 Developed and optimized medical devices by validating and verifying instrumental design changes. Contributed to the development of the Panther Fusion® System which received FDA approval for COVID-19 testing.

Genentech Bioprocess Associate

Jun. 2013 - Jul. 2015

Oceanside, CA

• Operated and assisted downstream production of multiple pharmaceuticals.
